Dear Class of 1999,

When we were asked to take on the job as Class Advisors for the class of 1999, we were a bit afraid. Being class advisors is a huge responsibility. We never in our wildest dreams thought how difficult but rewarding it could be.

In your Freshman year no one had the courage to take you on, but we did! Dorney Park, perfect weather, buses are on time and my son gets sick. Mrs. Davis must step in and take charge. (Do you think she ever forgave me?)

You returned in September as Sophomores, a little wiser, a little more mature. We were still a little scared, but, as we got to know you, the job got easier. Do you remember Great Adventure? (Hey, by the way, did we ever find Tameka?)

We welcomed you back to school in September, 1997, as Juniors. The first thing that came to mind was ONE MORE YEAR!!! This was it. Senior Pictures, HSPT, and Prom Plans.

And before we knew it, BAM, SENIORS!!! Time to get serious about credits, courses, colleges and careers. Memories of Plainfield High, and Prom plans. (Does anyone remember the eight period day?)

Seven hundred and twenty days, one hundred sixty weeks, forty months, or four years, how time flies! We did what we could. Hope you did the same. Remember us fondly, as we will all of you.

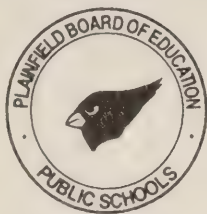

Here's wishing you all much success, luck and happiness in all you do. Continue to strive to be the best you can be in all of your endeavors.

Love,

Mrs. Selby

Dear Graduate,

Graduation from high school is an important step for the challenges that lie ahead of you as you prepare to for adult roles in the 21st Century. The turn of the century will mark the beginning of many new developments in science, technology, medicine, and other fields of human endeavor. However, your ultimate success in these increasingly challenging and complex times will be based on what kind of person you choose to become.

The “who” you are, in many respects, will take you a lot further down the road of life than the “what” you become. We urge you to continue your education, to develop marketable skills, to increase your comfort in the use of new technologies. Your sense of personal and social responsibility, moral and ethical character, interest in being of service to community, and willingness to stand for what is fair and just will have a far greater impact on future than the occupational choice you make.

Consider carrying some of the “old” lessons along as you step forward into the 21st Century. They have survived the test of time and have relevance to each of you after graduation from Plainfield High School.

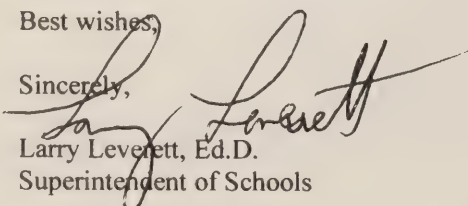

- Understand and practice honesty, integrity and treat others as we would like to be treated
- Respect the value of effort, practice a strong work ethic, and understand and exercise self-discipline
- Understand, respect, and appreciate the diverse people of our world
- Take responsibility for your actions, maintain a sense of personal responsibility for making our society a better place for all
- Get in touch with issues related to your spiritual development
- Define your purpose in life and demonstrate the resolve to fulfill that purpose by using your “gifts”
- Commit to the reduction of violence and increased peace in your personal life, family life, and community.

Do these things well and you will have abundant opportunities to achieve your educational and career goals. Develop a plan to continue your education. The quality of life you are able to provide for you and your family will be directly impacted by the level of education you complete. The more education, the greater your lifetime earnings will be.

We congratulate you upon graduation from Plainfield High School. We know that you are capable to making a grand contribution to our development in the next millenium. We urge you remain focused on your development, to set goals, work hard, and to be persistent as you strive to achieve goals.

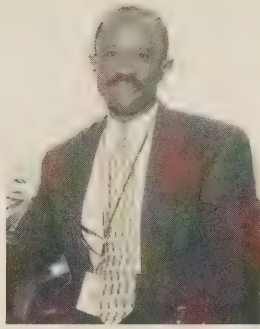

Best wishes,

Sincerely,

Larry Leverett, Ed.D.

Tameeka,
I said a graduation prayer especially for you and I asked the Lord to give you success in all you do. I prayed that He would guide you so your plans fall into place and bring you strength and courage for the challenges you'll face.

Most of all, I prayed that this would be the shining start, of reaching for the dreams that are closest to your heart.

Tameeka, it may have taken a little longer and been a little harder than you expected, but you did it and I'm proud of you. As you celebrate your recent accomplishments remember that your future goals are limited only by the ability to believe in yourself.

Follow your dreams and reach for the stars.

love always Mommie

Sadena B. Perez-Beale

The time has come for the family to tell you know how proud we are of you. You have accomplished one of many goals in life. Life has so much to offer you, you only have to want it. We can't sit here and tell you life is perfect because with good comes bad, with happiness comes pain, with love comes hate, with all that life has to offer you, you can always overcome the ugly if you open your eyes and see the world as it is. All eyes are made up of different colors one will never see the true colors of your eyes, while looking with closed eyes. Look within yourself and the lord to find love and to see the beginning and the end. We're very proud of you and love you very, very much.

Love Mom and Dad
